Grade Six
Lost Property Investigation

Can you imagine how much money you have spent on your child’s clothes for school! In Maths we have been calculating the cost of Lost Property. The Total cost of the Lost Property is $1543.60 with over 51 items. 41 Jumpers, 8 Jackets and 8 misc items.

Our suggestions to reduce Lost Property are:
- To write your name on your clothing.
- For teachers to say if you have lost a piece of your clothing check lost property.
- For the people at the uniform shop to write the child’s name on the piece of clothing.
- For teachers to check that everyone’s got their name on their jumper.
- For kids to take their jumpers off inside only.
