CAR PARK RULES

For the safety of the children in our school, it is most important that everyone abides by the following rules regarding the car park.

- Please obey the Road Signs on Guinane Avenue with regard to turning into and out of our school car park.

- Please proceed through the car park in the direction of the arrows and at a speed of less than 10kph.

- Children can only be picked up or dropped off directly outside the gates near the St Vincent De Paul shed, in the yellow lined/shaded area.

- Parents must park in the designated parking bays OR take your turn in the Drop Off and Pick Up lane. Do not double park, nor park in front of the dumpers or on the grassed area near the Community Centre.

- Parents using the Drop Off and Pick Up lane must not leave their vehicles, nor cross over the double lines.

- Parents however using the car park, must walk over to the supervised area, collect their child/children and safely walk them back to their vehicle.

- Please do not park in the 3 disabled car parks unless you are authorised to do so.

- The 3 Disabled Parking Bays are for the benefit of children who have either a temporary injury or a permanent disability.

- After school, the children will be directed to remain behind the fence until their parents are parked correctly or are approaching the end of the Drop Off and Pick Up lane. Please do not tell your children to wait for you on the nature strip between the Car Park and Hyslop Avenue.

- After 3.30pm children who have not been picked up will be taken to the Outside School Hours Care program where a fee will be incurred.

We also ask that pedestrians show respect for neighbours around the school by not parking across driveways or walking across lawns and gardens.
