Dear Families

A big thank you to all the staff who worked hard to ensure a successful swimming program for the Grade 3-6 students. A special thanks to Mr Gurrisi for organising this program.

On Tuesday the 21st February, we will be having our Annual Pancake Night. This will commence at 5.00pm and finish at 7.00pm. On this night you will have the opportunity to buy pancakes for your family as well as get to know the rest of the parent community and school staff. I would encourage you all to come, as this has proven in the past to be a very popular night with families and a great way to celebrate the start of the year as a school community.

On Monday the 20th March we will be having our annual school photos. Please keep an eye out for more information over the coming weeks.

We are now open for enrolments for Prep 2024. If you have a child who will be ready for school in 2024 then please visit our school website to access the relevant enrolment forms. We will be having our first Prep 2024 Information Night on Tuesday the 21st March. We will also be conducting school tours on this night.

This year we are focusing on the theme of "Our Stories". We will be celebrating our story as a school when we commemorate our 50th anniversary and we will also be celebrating our individual stories as a school community. As part of this we are hoping to hear about some of the different cultures in our school in order to deepen our understanding and appreciation. Therefore, I am asking anyone in our school community who would be willing to share their knowledge of their culture with our staff, to please contact me. Any support with this would be greatly appreciated. I can be contacted via email at:

CHANGES TO SCHOOL FEES - 2023

Next year the school will be changing the way it structures its Bring Your Own Device (BYOD) Program in response to the changing needs of the students and best practice for the school in moving forward. At the moment, families are asked to purchase devices for their children upfront in Grade 3 so that these can be used at school. Moving forward, the school will be using a leasing model which allows families to pay devices off while the student is at school from Grades 3 to Grade 6. To facilitate this we will be introducing an ICT levy in school fees that will cover the cost of the device over the four years. This levy will cover costs, including a carry case and the student will own the device when they graduate in Grade 6.

If your family is eligible for the Reduced Fees Policy and you have been approved through the formal approval process, then the ICT levy will be included in the discount fees offered.

The benefits of this new program are as follows:

- Every Grade 3 child will have a device to use at school
- The device will be owned by the student
- The device does not need to be fully paid for at the start of Grade 3

The new ICT levy will start in Grade 3 next year only, as higher grades will still be part of the previous BYOD Program. In 2024 the levy will be extended to Grades 3 and 4.
