Dear Families

Well done to the Grade Six students who performed for us all at their assembly last week. This is the last assembly our Grade Six students will present at St Peter's and they did an amazing job. I would also like to congratulate the recipients of our Recognition Awards this term.

I would also like to take this opportunity to congratulate Mitchell G for his outstanding performance at the recent Regional Swimming Competition in Geelong. He won gold with a personal best in the Under 10s 50 m backstroke and will now compete in the State Championships. This is an incredible achievement and something Mitchell should be immensely proud of.

Just a reminder that school gates are not opened until 8:30 in the mornings. This means that children who are left outside gates before this time are unsupervised. At the moment we have children who are being left quite early in the mornings at the front office and we are concerned about the safety risk this poses. If you need to go to work early then there is a before school care facility offered that you can enrol in. If children are left outside the school before gates are open they will be taken to before school care and parents will be notified. I ask that you please support us in keeping your children safe and that you do not leave them outside the school early in the mornings.

On Wednesday 5th and Thursday 6th April we will be having our Parent/Teacher/Student Learning Conversations. The students will be heavily involved in these conversations so it is important that they also attend. Remember to book your interview time on Compass to ensure that you are able to attend. If you need help accessing Compass, please don't hesitate to contact the office or your child's classroom teacher. As a result of PTS Conversations, there will be no school on Thursday 6th. School will finish at 3:15 pm on Wednesday 5th April.

Finally, even though we still have a week of school left, I would like to wish all our families a safe, holy and restful Easter break. We look forward to seeing you all again in Term Two.

Karen Wilson

Welcome  
Welcome to Parent/Teacher Conference 2023-T1

Hi Parents,

The Parent/Teacher Conference will be held on Wednesday 5th April and on Thursday 6th April

These meetings are for parents who wish to speak to the teacher about their child and any issues they might like to discuss in terms of; family situation, illnesses, past school experiences, friendship issues etc. Teachers will not be able to report on the child's work at this stage of the year but will talk about how the child has settled into the class. It is not expected that all families will need this opportunity. The teachers are available throughout the year to discuss your child's needs and progress as issues arise.

Some families may wish to make an appointment for one of their children but not the other depending on needs.

## CHANGES TO SCHOOL FEES - 2023

In 2023 the school will be changing the way it structures its Bring Your Own Device (BYOD) Program in response to the changing needs of the students and best practice for the school in moving forward. At the moment, families are asked to purchase devices for their children upfront in Grade 3 so that these can be used at school. Moving forward, the school will be using a leasing model which allows families to pay devices off while the student is at school from Grades 3 to Grade 6. To facilitate this we will be introducing an ICT levy in school fees that will cover the cost of the device over the four years. This levy will cover costs, including a carry case and the student will own the device when they graduate in Grade 6.

If your family is eligible for the Reduced Fees Policy and you have been approved through the formal approval process, then the ICT levy will be included in the discount fees offered.

The benefits of this new program are as follows:

- Every Grade 3 child will have a device to use at school
- The device will be owned by the student
- The device does not need to be fully paid for at the start of Grade 3

The new ICT levy will start in Grade 3 next year only, as higher grades will still be part of the previous BYOD Program. In 2024 the levy will be extended to Grades 3 and 4.
